Subject: Loan installment for the academic session 2021-22
Respected Sir,

With all due respect, My new academic session is going to start from January and the registration deadline is 3rd January. Semester Registration will be done only after all the demands are satisfied before the deadline. The total demand for the session 2021-22 is 28788. Unless and only, I will have to clear the demand before I can register for a session. Therefore I would like you to release the installment as soon as possible so that I can finish my graduation on time.

Thank you
